

Anne Arundel Fish & Game Conservation Association

“The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government.”
 - Thomas Jefferson

From the President

Happy Independence Day from Jen and me. We are 235 years into this little social experiment of ours. Despite the best efforts of our enemies and a great many of our elected officials, we are still plugging along. It's great to be an American! If you haven't been to an Appleseed event, please do so. It's a very unique opportunity to get in touch with our heritage.

June was a really rough month as I spent all but 3 days away on assignment. The good news is that Jen and I were able to celebrate her birthday (I won't say which one) together in Orlando at our favorite restaurant, The Ravenous Pig in Winter Park.

I have provided a couple of pictures to add some spice to my column. Both are of the Airport Traffic Control Tower at the Orlando International Airport taken from mid-field. One is of a mated pair of Florida Sandhill Cranes and the other of a monster storm heading right for us while we were working to restore service.

President, continued on Page 4.

AAFG & APPLESEED GIVE BACK

On Saturday, June 18th, eleven of the Appleseed Program's best instructors descended upon the HP Rifle range for an adaptive Appleseed specifically for wounded veterans and their guests. These instructors came from as far away as NY, OH, PA, and Idaho, and were chosen for their experience in working with adaptive shooters. AAFG members **Bill Palk, Steve Allen, Greg Nolte, Andy McKinney** and **Dave Cloutier**, all donated their support, either financial, material, or by being our "boots on the ground" to help assure the event became a success.

Six shooters attended, received the instructions, honed their skills, and heard the story of Lexington & Concord. All left with improved shooting skills.

All left having learned some of the "untold" history that every American should know. Rifles, ammo, lunch & instruction were all free as a very small way to say thank you for their service. These students serve as an inspiration to all of us who had the privilege of working with them. *See the photos on Page 6.*

Thank you to AAFG for the facilities and support, all the instructors, volunteers, WW, and **especially** the students who ventured out in the heat, for a long day on the firing line! Without the efforts of MANY, this event would not have happened.

If these shooters can make the time to be on the line, learn the skills of a Rifleman, and hear the story of Lexington/Concord, what's your excuse?

Being a Rifleman is a distinctly **American** tradition... don't you want to rekindle it and sharpen your skills? Don't you want to pass on the tradition to the youngsters in your family? There are no guarantees in life, so don't wait any longer...

Fall Appleseed classes are QUICKLY filling up...Sept 10-11, Oct 8-9, Nov 5-6, Dec 3-4. Reserve **your** spot on the line today and bring a buddy with you!

YEAR IN A SNAPSHOT

Board of Directors' Meeting – first Monday of the month, 7:00 pm (following Tuesday if Monday is Federal Holiday)

General Meeting/Membership – second Thursday of the month; **Dinner @ 7pm** by Kitchen Committee – Pot Luck Dinner in March, June, September & December; Meeting starts at 8:00 pm

Annual Meeting (Election of Directors & Officers)

Holiday Dinner – December Meeting

New Member Walk Thrus – As scheduled, usually the third Saturday @ 9 am or following Sunday @ 10 am

ORGANIZED MATCHES & EVENTS

AR-15 Service Rifle League – 1st Saturday

Army "L" Target Pistol Match – last Saturday 9:00 am

Bullseye Pistol Leagues – Thursday 12:00 pm and Saturday 9 am

Cowboy Action – 3rd Saturdays

Hunter Safety Classes – Sept. 27 and Sept. 29; Oct. 1

IDPA Action Pistol – 1st Friday & 2nd & 4th Saturdays

NRA Junior Rifle Program – Sunday 1 pm

NRA 2700 Bullseye Pistol Match – Sept. 17 and Oct. 8

NRA 1800 Bullseye Pistol Match – TBA

NRA Chesapeake Day Service Pistol Regional Championship – Nov. 5

Public Sight-In Day(s) – TBA

Shotgun – Trap – Temporarily suspended

Vintage Rifle Shoots – 2nd Saturday

EDUCATION & TRAINING

AAF&G Bullseye Pistol Range Training – Tuesday 10 am

Appleseed Project – 2nd Weekend

Maryland Shooter Qualifications: Sept. 2; Sept. 30

NRA Basic Pistol – September 20, 22 & 24

NRA Personal Protection in the Home – Oct. 18, 20 & 22

NRA Range Safety Officer Course – December 11

NRA Home Firearm Safety Course: – July 24; Nov. 20

Please check the club web site at www.aafg.org for additional details of class times, costs, etc.

September 17 & 18; October 8 & 9; and November 5 & 6

SPECIAL EVENTS

AAF&G Club Bull Roast – September 17

Ernie Clarke Memorial Shoot – September 18

AAF&G Gun School – July 24; Nov. 20

EDUCATION AND TRAINING SCHEDULE FOR 2011

The following NRA firearms courses below have been scheduled at AAF&G. *Please register for all classes by email at marston.clarke@verizon.net.*

NRA BASIC PISTOL

1. Tuesday, Sept. 20, Thursday, Sept. 22 and Saturday, Sept. 24

Notes: Class times are 6 to 9:30 pm on weekdays, 8:30 to 3 pm on Saturdays. Dinner is included on week nights and donuts and lunch are included on Saturday. All materials are included. Cost is \$85 for AAF&G members and \$100 for non-members. Discount available for family members. Minimum class size of 8 required.

NRA PERSONAL PROTECTION IN THE HOME (intermediate pistol course).

Basic Pistol required.

1. Tuesday, Oct. 18, Thursday Oct. 20 and Saturday, Oct. 22

Notes: Class times are 6 to 9:30 pm on weekdays, 8:30 to 3 pm on Saturdays. Dinner is included on week nights and donuts and lunch are included on Saturday. All materials are included. Cost is \$110 for AAF&G members and \$130 for non-members. Discount available for family members. Minimum class size of 6 required.

INSTRUCTOR DEVELOPMENT

NRA Range Safety Officer: 1. Sunday, December 11

Notes: Class is from 8 am to 6 pm. Lunch on your own. All materials provided. Cost is \$90 for AAF&G members and \$120 for non-members. Minimum class size of 8 required.

AAF&G GUN SCHOOL (NRA Home Firearm Safety Class)

1. Sunday, July 24
2. Sunday, November 20

Notes: Class is from 1 to 5 pm. All materials provided. Free (and required) for all provisional members. Cost is \$25 for all others.

Next AAF&G “Gun School” This Month

Calling all provisional members! If you've been working on getting your provisional card signed with your 3 shooting activities, here's the last piece you need before you request full membership at the end of your six month provisional period.

Rather than reinventing the wheel, we use the NRA's Home Firearm Safety Course. For experienced shooters this course gave seasoned shooters an opportunity to get reacquainted with different actions. For an inexperienced shooter or a single discipline shooter, it's a chance to handle other kinds of guns. The course teaches the basic knowledge, skills, and explains the attitude necessary for the safe handling and storage of firearms and ammunition in the home.

Details: *(from the NRA course description)*

This is a four-hour course for safe gun handling that is conducted in the classroom only. Students are taught NRA's three rules for safe gun handling; primary causes of firearms accidents; firearm parts; how to unload certain action types; ammunition components; cleaning; care; safe storage of firearms in the home; and the benefits of becoming an active participant in the shooting sports. Students will receive the NRA Home Firearm Safety handbook, NRA Gun Safety Rules brochure, Basic Firearm Training Program brochure, course completion certificate.

The course and the materials are at no cost to our provisional members. Other members are welcome to attend for \$25.

This course is scheduled for Sunday, July 24th at 1 pm in the club house. Pre-registration is required. Please email Meg at marston.clarke@verizon.net to save a place.

JUNIOR RIFLE

The Junior Rifle Program starts at 1:30 - 3:30 p.m. every Sunday. The team members practice each Sunday from 10:30 a.m. - 1:15 p.m. The Junior Rifle Orientation Classes for July 10, August 14 and October 2 are full. At this time, I'm not taking any more students for the program. Please contact me next April, 2012, to see if I have the space to add other students. My email address is andrea@chesmill.com.

The AAF&G Junior Rifle team shot in the Annual "Libby" match on June 11, 2011. The team members **Nathan Moy, Zackery Anna, Michael Kurtis** and **Courtney Cowger** each shot 160 shots in the prone position. This year they changed the match to be sanctioned so the shooters could add to their NRA Classification. Congratulations to our team for taking 1st Place with a 6214 out of 6400. Nathan Moy took first place junior with a 1589-14 and Michael Kurtis took second place junior with a 1585-82. Zackery Anna took second place Intermediate Junior with a 1542-47 and Courtney Cowger took first place Sub-Junior with a 1498-31. All received individual plaques and a team plaque which is always presented to the Coaches. Thanks Brad and Randy.

Remember the Friends of the NRA banquet will take place on October 1, 2011. Our AAF&G Jr. Rifle Program has been fortunate to receive six grants from the NRA Foundation. The NRA Foundation supports Youth Shooting.

Have Fun Shooting & Remember - Youth are our Future!

President, from Page 1.

We had a shoot on June 18th for the Wounded Warrior organization on the Nancy B. Eccles Memorial Rifle Range. This event was organized by **Brian Swift, William J. Palk, and J. Andrew McKinney**. In addition, **Steve Allen** and **Greg Nolte** rounded out the event with their expert assistance. A special thanks to the volunteers and to Andy for generously providing the ammo. Jen and I provided for the catering from Red Hot & Blue for the shooters, families, and AAF&G volunteers.

We continue to make progress with the Trap field and as you read this should be at permit submittal. We suffered a minor setback in schedule as the tornadoes in Alabama all but destroyed the office of the engineer used by the net manufacturer.

I realize that this is a short column for me, but chalk it up to a quiet summer. Stay safe and I hope to see you all on the ranges and at meetings.

David Cloutier

Look for RSOs on duty on Saturdays!

NEW APPLICANT(S) POSTING

The following individuals have applied for membership in AAF&G. If you have any comments, favorable or unfavorable, regarding any of these applicants, please advise Meg Clarke by phone (443-904-5023) or by email marston.clarke@verizon.net.

John N. Costello, Queenstown, MD 21658
Sponsored by Thomas J. Waters

Robert W. Joslin, Pasadena, MD 21122

The Applesseed Program's best instructors, descended upon the HP Rifle range, for an adaptive Applesseed specifically for wounded veterans and their guests.

Building a Folding Target Frame for the Plinking and High Power Range

Here are the instructions for building a target frame that will last a long time and insure you have something to shoot at when you get to the range. I have built hundreds of different types of folding frames and this one has worked the best. It is simple, sturdy and only takes about an hour to make.

Here is the list of materials needed to build it.

You will need a total of 18.5 feet of #2 premium pine 1" x 2". These are sold in 8 and 10 foot lengths at Home Depot for \$2.45 per foot. I use the premium pine instead of furring strips as they hold up better and are straighter.

If you need to see more detail of the assembled frame, just zoom in on your computer.

The dimensions of the cut pieces needed to assemble the frame are as follows.

- 2 pieces 33" long
- 1 piece 18" long
- 2 pieces 40" long
- 1 piece 21" long
- 2 pieces 19 1/2" long

Hardware:

- 4 carriage bolts size 1/4" x 2 1/4" - \$.17 each
- 2 cut washers 1/4" - \$.11 each
- 4 Wing nuts 1/4" - \$.98 per bag of four
- Box of 3/8" wood joiners - \$1.55 for a box of 15
- 8 #8 Construction or Deck screws 2 Inch - \$1.94 box of 20
- 4 #8 Construction or Deck screws 1 Inch - \$1.94 box of 20

Basically you will be building two squared off U shaped sections. When completed, the lower section will fold into the upper section. When extended, locking bolts will be inserted to hold the frame up when the wind is blowing.

Some assembly notes are as follows:

In addition to screws, add wood glue and wood joiners to each joint. This will make stronger joints and your frame will last longer. To prevent cracking, drill pilot holes before inserting screws.

Start by assembling the two 40 inch pieces and one of the 19 1/2" pieces into a U. After you make this, measure 27" from the top of the frame and secure the 21" piece across the two legs. This is the lower limit of your cardboard backer. About two inches in from the side, drill two 1/4" holes to store the locking bolts. (Reference picture 1, 2 and 3)

Next, assemble the two 33" pieces and the other 19 1/2" piece into another U. Once this is finished, measure six inches up from the lower part of the legs and install your 18" piece. This piece will support the lower legs. (Reference picture 1, 4 and 5)

Picture #2

Picture #3

Picture #1

Picture #4

Target Frame, continued on Page 8.

Target Frame from Page 7.

Now, take the top part of the frame and drill two 1/4 inch holes 2 inches up from the bottom of the legs. This hole will be your pivot hole. Next, measure one inch down from the first hole and drill a second hole. This will be your locking bolt hole. (Reference picture 6)

Now lay the upper frame on the floor and place the lower frame inside the lower legs approximately 3 1/2 inches. Now you are going to drill through the upper leg holes into the lower leg holes. When you are finished, you will have two holes on each side of the upper and lower frame halves. **NOTE:** When drilling these holes, it is important to insure that both sides are aligned on the same plane. If not, the lower frame will not fold properly into

Picture #5

Picture #6

Picture #7

the upper frame. (Reference picture 6).

Now, insert one 1 inch screw above and below the two bolt holes on each leg. This will prevent cracking when the wind is blowing and putting pressure on the upper frame against the locking bolt. (Reference picture 6)

Now insert one stove bolt from the outside in on the top, through the bottom, add a washer and a thumb screw. Do this on both sides and you are finished. (Reference picture 6).

If you take a 10 inch piece of wood and section it diagonally, you will have a set of wedges to jam the leg against the PVC pipe in the ground making it more resistant to moving in the wind. (Reference picture 7)

Now you have a frame that will give you many hours of enjoyable service. When you shoot holes in the wood frame of the upper half (and you will) it is easy to just measure off a new piece, unscrew the old piece and insert the new.

Have fun and shoot safely.

John Michelli

BASIC PISTOL COURSE A SUCCESS

The NRA Basic Pistol Course that was completed on Saturday, June 25th was another success for AAF&G.

Of the eight students, 4 were provisional members looking to document a demonstration of safe shooting pistols, 1 was an AAF&G board member and experienced shooter getting easy documentation of qualified training for a Florida carry permit and 3 were slightly experienced or novice shooters looking to learn about pistols and how to shoot safely. All of the new people are solidly interested in membership after their class experience.

The class was composed of 5 men and 3 women with one husband /wife duo. Ages ranged from 35 to 74 with half under 45 and the other half over 60. Two students traveled from Bowie, one from Crofton and one from Pasadena with the rest from Annapolis zip codes.

Surprisingly, with a class this size, we had one left handed shooter and 2 cross eye dominant shooters (left eye dominant but right handed). Using a patch over the left eye worked for the novice shooter and the jury is still out on the results for the more experienced shooter. At least now he knows why his shots are sometimes inconsistent.

The evaluation forms show "range time" as the most beneficial part of the course followed by cleaning and safety.

This time we shot as just one relay on the Plinking Range so we had it tied up until 11:15. Fortunately, we were leaving the range as the first members were arriving to do some serious Saturday plinking.

Thank yous go to **Steve Love** and the IDPA shooters. Steve assembled and positioned the targets for the practical exercise and then returned the sticks to the IDPA program. He also put his RSO credentials to extra use by distributing ammo and coaching the students.

Brad Quintal fixed the dinner on Tuesday evening and shared some of his knowledge of semi automatic pistols with the students. We put his RSO creds to good use as well on Saturday with coaching and ammo passing.

My personal favorite gun cleaning demonstrator, **Brooks Wuerdemann**, had the students elbow deep in cleaning the guns they shot. He also showed them alternative techniques and products available today. (Not everyone thinks of Hoppes cleaner as perfume.) We also used Brooks and his RSO status on the firing line.

With vacations and the other usual summer activities we won't have another NRA Basic Pistol Course until the fall. The next course is scheduled for September 20, 22 and 24. Watch the *SCORE* for details.

Meg Clarke

WARRIORS BULLSEYE PISTOL REPORT

Our Anne Arundel bullseye pistol program has a full head of steam up for the 2011 outdoor conventional pistol season. The spring and summer leagues have had some great attendance and our NRA sanctioned tournaments have seen some fine shooting. The results of our league competitions will be listed in the *SCORE* as soon as they are available from our statisticians. For now the results of our last three sanctioned NRA events and our informal Army "L" Target 1800 for June are provided.

Our second NRA Registered 2700 Tournament for 2011 was held May 21. A total of 20 shooters competed in the 2700. An overview of the top 2700 finishers with each aggregate score for .22, center fire, and .45 pistols with the "x" count and the individual three gun grand aggregate is as follows:

Open Winner:

Rich Kang
HM/CIV 883-40 879-49 869-37 2631-126

The top AAF&G shooter, of nine AAF&G competitors, was Keith Herrington with a 2582-80. Keith was also the top Master Class shooter. Up and coming AAF&G shooter, Mike Kalnoske, came in third in the nine shooter Expert/Sharpshooter Class with a solid 2502-57. He is classified as a Sharpshooter – though that will not be for long!

The second and last NRA Approved 1800 Tournament

for 2011 was held June 4. A total of 21 shooters competed in the 1800. An overview of the top finishers with each aggregate score for .22 and center fire, with the "x" count and the individual two gun grand aggregate is as follows:

Open Winner:

Rich Kang HM/CIV 890-44 3 876-37 1766-81

High Master/Master: Three Competitors

Roberto Perli MA/CIV 882-50 862-32 1744-82

Expert: Four Competitors

Erick Graves EX/CIV 829-20 823-20 1652-40
Mike McGrath EX/CIV 830-14 805-16 1635-30

Sharpshooter: Five Competitors

Channing Mahatan
MK/CIV 838-18 809-22 1647-40
Ed Hickman
SS/CIV 833-23 813-11 1646-34
Gene Tracy

The **June Army "L" Target 1800 Tournament** was fired June 25 with 19 competitors. Twelve fired in the .22 agg and seven fired in the CF agg. The scores of the top shooters and their X count were as follows:

.22 Aggregate:

Erick Graves 893-59
Keith Herrington 892-58 (.22 Revolver)
Mike McGrath 889-69
Paul Striffler 887-60
Fran Filippelli 873-50
Steve Yelton 870-40

CF Aggregate:

Paul Striffler 887-58
Erick Graves 882-63
Keith Herrington 881-44 (.38 Revolver)
Mike McGrath 878-49

Paul Striffler

pjstriff@cablespeed.com

A guest competitor, Davy Hickey and Paul Striffler get ready to "chow-down" after the Match.

Davy Hickey puts up new target on firing line.

YOU MIGHT BE A GUN NUT.....

- If you know the range of every tree in the neighborhood.
- If you plead with the gun shop to hold a rifle/shotgun until you have space for it.
- If your girlfriend/wife is jealous of the time you spend with your guns.
- If you ever accidentally seasoned a steak with FFFFg black powder.
- If you own a guns you haven't shot yet .
- If you carry concealed at the beach.
- If you name your kids after your guns.

Watch for more next month!

HIGH POWER RIFLE SHOOTING MATCHES

The **June AR15 Match** on June 4th had a nice turnout of 10 competitors. Once again John M. improved his score over that of the past few months. However, it appears that David H., Mike K., and Andy M. are in a position to take the lead away at some future match. Watch this space next month to see who can edge out the top gun and win the July match!

Name	Offhand	Prone Rapid	Prone Slow	Total Score	
Charley B.	84	82	57	223	
David H.	98/4x	95	83/1x	276/5x	
Nicholas K.	71	40	45	156	
John K.	93	28*	89	210	*Firearm Malfunction
Mike K.	93/2x	90	78	261/2x	
Steve L.	79	38	36	153	
Andy M.	95/3x	93/1x	92	280/4x	
John M.	96/2x	96	89	281/2x	
Chris P.	65	59	40	164	

The **June Vintage Rifle Match** on June 11th, however, had 18 competitors and eight pretty full relays. Roy H. regains his position as high scorer but with a 97/4x, using his M1 Garand, but it looks like Ray A., Jr (relays 1 & 4) and younger brother Steve A. (relays 2 & 5) might be gaining ground, so again watch this space next month to see who comes out on top.
